LOCAL AND PERSONAL.

George Woods came in from Walnut Grove yesterday.

George Bonelli is in from his Quail Springs ranch.

G. D. Barnett was on the sick list last Saturday and Sunday.

Charles Wilkins and family are visiting friends in Kingman.

John Fowler, the old Signal stage driver, is up from Yucca.

Cal Wilson and John Blakely have gone out on the round up.

Kean St. Charles, of our contemporary, has gone to New Mexico.

The school bond election has been postponed until Sept. 30th.

J. W. Gerritt was over from Mineral Park the first of this week.

School opened Monday with an attendance of thirty-three pupils.

Miss Mary Barry, of the Miner office, was ill several days this week.

Frank Wilson, one of our old time carpenters, was in from White Hills this week.

Miss Frankie Potts was ill several days this week, but is now able to attend school.

Tom McMahon and the Clark boys are running a tunnel on their claim in I. L. Basin.

The Taggart Mercantile Company has attached the property of W. L. Magee, of the Sandy.

Mrs. Dundon, of Layne Springs, who was reported very ill last week, is said to be improving.

W. A. Neal was in from the Sandy with produce this week. Bill is getting to be quite a hustler.

Ex-Sheriff Lake is preparing his grounds, west of the court house, to set out fruit and ornamental trees.

W. G. Stewart, of Flagstaff, has been in town several days this week looking after matters in the Probate court.

James Uncapher and Henry Leffer have returned from their prospecting trip to the Black Canyon mountains.

G. W. Beecher has attached the property of W. B. Stevens, from whom he seeks to recover the sum of nearly \$600.

Advices from San Francisco are to the effect that J. R. Russell is now fast recovering from the effects of his recent illness.

The Los Angeles Chamber of Commerce excursion passed through Kingman early Tuesday morning on its way to Chicago.

Brawn's big teams brought in a car load of ore for Ed. Gilbert from the Copper mine, Stockton Hill. It will be shipped to Pueblo.

Conductor Sterns and other train men have located a mining claim near Hackberry. They have not yet discovered just what it contains.

Charles Rice has recovered his health sufficiently to take charge of the station at Yucca during the absence of Miss Ned Zakman at the World's Fair.

Mrs. H. H. Watkins and children, accompanied by her sister, Miss Helen Holmes, returned from their old home in Watsonville, California, Thursday.

Ed. Clark left Monday morning for his home in Gaylord, Kansas. Ed. thinks that Kansas is a much better country than this, while silver is below par.

Dr. Hardrich, who is located at Needles, was summoned Monday night to attend E. F. Thompson, who was reported very ill. Mr. Thompson is now recovering fairly well.

The wife of Sept. McDermitt, of the White Hills Company, arrived from her home Tuesday night. Mr. McDermitt is here and took her out to White Hills next day.

Gen. Churchill returned to Phenix yesterday.

J. W. Babson has been rusticated in Peach Springs part of this week.

Mr. Reed, one of the foremen for the White Hills Company, has gone to California.

Wm. Engle, who has been working on his cedar craime, returned to Kingman, Monday.

Deputy Sheriff Cohenour returned Monday from a trip into Coconino county after witnesses.

The Atlantic and Pacific railroad has ordered twenty-five new locomotives, so it is reported.

Charles E. Sherman, accompanied by his sister-in-law, Lizzie, was in Kingman a few days this week.

J. H. Johnson has been bringing in beautiful grapes and peaches from his Oak Creek ranch this week.

George Mahan and William Whalen are up from Needles and seem to be enjoying themselves around town.

We publish this week the advertisement of the Philadelphia Smelting Company, of which John Lynch is agent.

Supt. Craig, of the Senator mine, came in Thursday morning from Gold Basin and took the morning train for Denver.

O. F. Kuencer went out to Gross' ranch near the Park Wednesday afternoon and returned home with his family Thursday.

Mr. Eaton, a nephew of the late Sol Rowe, is in Kingman looking after matters relating to the estate of his uncle in the Probate court.

John Gaddis, Indian agent at Williams, Arizona, has been here the past week on a visit. He left yesterday morning for his home.

Sheriff Rosborough went up to Hackberry yesterday morning and returned home in the evening. He says all the cattlemen are out gathering cattle.

Hon. Foster S. Dennis left Thursday night for San Francisco. He will also visit Glen Ellen, in Sonoma county, and will return in about two weeks with his family.

The Kingman Sampling works resumed business yesterday. Messrs. Ewing & Heimrod intend to sample and pay for ore as soon as they get their new rate schedule.

Mrs. Bonelli and daughter, Alice, have gone to their home in Riverville, Nevada. They are both very pleasant people and we hope they will make their visits to Kingman more frequent.

Deputy Marshal Morrell, of Williams was in Kingman this week. He took back with him a Mexican charged with selling liquor to Indians and lodged him in jail to await the action of the grand jury.

We publish the notice of W. H. Furman, assayer and amalgamator, Needles, California, in this issue of the MINER. Mr. Furman is a capable man and all work entrusted to him will receive careful attention.

Gen. Clark Churchill, at one time attorney general of this territory, has been sojourning in Kingman this week. Gen. Churchill is one of the solid men of Phenix and has many warm friends in Mohave county who are glad to see him once again among us.

James Jackman, one of the old time miners of this county, is again in the land of his first love, having arrived from Colorado this week. Mr. Jackman says that times are the hardest ever known in that land of silver and chances are they will be harder before next spring.

H. S. Van Slyk, general agent of the Atlantic and Pacific railroad, was in Kingman the first of the week and left for home on the Chamber of Commerce excursion. Mr. Van Slyk is becoming a very popular railroad man and we expect to see him climbing the ladder of railway fame to its topmost round.

Death of Frank Feeler.

Frank Feeler, brother of Mrs. G. W. Beecher, died in Los Angeles Sunday last of typhoid fever. Mr. Feeler contracted the disease which caused his death while working in the mines of White Hills and when he left here for Los Angeles some two months ago he was very ill. He got along all right until the latter part of August when he suffered a relapse and from that time until his death he gradually failed away. He was buried under the auspices of the Knights of Pythias, of which order he was a member.

William Richmond, who is now foreman of the water service during the absence of S. J. Lewis, was in Kingman last Sunday from Needles. Mr. Richmond has many friends in Kingman who are always glad to see him in town.

Robert McGarey, who was sent in here some time ago from White Hills suffering from fever, died Sunday evening from peritonitis. He was buried next day. McGarey was a hardworking miner and his death is much regretted.

Miss Kate Dwyer, of Hackberry, was in town Thursday evening. Miss Dwyer is one of our best school teachers, having taught the schools at Hackberry and Peach Springs for the past four years. She holds a normal school life diploma.

Wilbur Brakeman was over from Chloride a few days this week. He had the misfortune to have his hand smashed by being caught beneath a car at the Rural mine a few days ago. The injured part is healing as well as can be expected.

The Atlantic and Pacific railroad company has done the right thing by presenting Paul Maguire with an annual pass over its road. It will be remembered that Mr. Maguire flagged a train below town in time to save it from dashing into a washout.

Miss Fannie Gaddis, of Cotulla Texas a cousin of O. D. M. Gaddis, arrived in Kingman Monday. Miss Gaddis is an estimable young lady and a desirable acquisition to the society of this county. She will probably teach the Mineral Park school this term.

W. D. Hartley, who is agent for the Woodmanse windmill, has just received one of the mills and will erect it on a well near Wallapai Springs for William E. Frost. The mill is a good one and will undoubtedly become a favorite in this section.

John C. Potts, who is the executor of the last will and testament of Sol C. Rowe, deceased, has been fixing up his accounts in the matter this week. As soon as the ore in which the estate is interested is sold, he will be able to pay off all claims and turn the balance of the estate over to the legatee, Mr. Eaton.

John Dunn, an old miner of this county, while under the influence of liquor, laid down on a table in the Free Coinage Saloon, in White Hills, Sunday morning, rolled over on his face and smothered to death before he was noticed. Dunn was a quiet, inoffensive man, whose sole fault was love of drink. He was buried next day.

Robert Patterson is stopping in town this week. He says that while in the far eastern states he was surprised at the amount of knowledge displayed by the inhabitants in regard to Phenix and the Salt River Valley. Everyone was inquiring about the country and wanted to know how far he lived from the region of perpetual Summer. This knowledge is the result of extensive advertising and had Mohave County been given one-half the amount devoted to Phenix it would have been known and talked of the world over. The amount of advertising given gratuitously by the local paper is not enough, but by each and everyone helping the cause we would now be receiving money and aid in developing our latent resources. Now is the time to advertise this county, in the east, because people who have been engaged in manufacturing will want to get into some new line of business and the chances for irrigation in old Mohave are of the best. Let every man help the papers and the papers will help every man one thousand fold.

The Needles Eye editor was the subject of a little joke by some railroad boys last week. One day the passenger train from the east was about four or five hours late and the editor asked the fireman the cause of delay. The fireman replied that they had blown a dutchman out of the ashpan. The editor in horror exclaimed "how in the world did he get there?" Seeing a chance for a little fun the fireman explained that he (the dutchman) probably got on when the train was standing still, etc. The editor immediately repaired to his sanctum and in the next issue of the Eye told of the hardyhood of tramps who took all sorts of desperate chances in stealing a ride and related how a German was found in the ashpan of an engine when it arrived at Needles. Another little joke was the finding of a "dead man" in Truxton Canyon. The dead man, of course, was an anchor used in connection with a pile driver or crane. The Eye editor will soon get on to the little jokelet of the festive railroad man.

Bond Election.

Sept. 30 an election for the purpose of voting bonds to build a new school house in this district will be held at the school house. Everybody interested in the welfare of our public school should be on hand to cast a vote in favor of the bonds. The tax will not amount to anything compared with the benefit to be derived from a good school building. And the fact also should be taken into consideration that nearly the whole of the amount to be expended will be disbursed in Kingman. Out of all the taxpayers in the district, outside of the railroad company not over three men will be called on to pay an additional tax on account of school bonds to exceed one dollar. By the table below it will be readily seen that nearly one half the taxable property of the county is located within the lines of District No. 4, or Kingman.

The tax rate will be two dollars and forty cents on the one thousand dollars of taxable property and each and every one will be benefitted far more than that amount yearly. Give the bonds your support and we are certain you will never regret it.

W. M. Claypool, general agent for the Consolidated Kansas City Smelters, was in town this week looking after ore shipments for his company. Mr. Claypool was at one time connected with the Kingman Sampling works, but has advantaged himself by accepting a position with the Smelters.

Vote for school bonds and progression.

AT HAND

In a dangerous emergency, AYER'S CHERRY PECTORAL is prompt to act and sure to cure. A dose taken on the first symptoms of Croup or Bronchitis, checks further progress of these complaints. It softens the phlegm, soothes the inflamed membrane, and induces sleep. As a remedy for colds, coughs, loss of voice, la grippe, pneumonia, and even consumption, in its early stages,

AYER'S Cherry Pectoral

excels all similar preparations. It is endorsed by leading physicians, is agreeable to the taste, does not interfere with digestion, and needs to be taken usually in small doses. "From repeated tests in my own family, Ayer's Cherry Pectoral has proved itself a very efficient remedy for colds, coughs, and the various disorders of the throat and lungs."—A. W. Bartlett, Pittsfield, N. H. "For the last 25 years I have been taking Ayer's Cherry Pectoral for lung troubles, and am assured that it has saved my life."

Saved My Life

I have recommended it to hundreds. I find the most effective way of taking this medicine is in small and frequent doses."—T. M. Matthews, P. M., Sherman, Ohio. "My wife suffered from a cold; nothing helped her but Ayer's Cherry Pectoral which effected a cure."—R. Amers, Plympton, N. S.

Ayer's Cherry Pectoral
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
Prompt to act, sure to cure

W. H. FURMAN,
